

PORCELAIN BUSHING

PORCELAIN BUSHING STANDARD- IS,EN,DIN & IEC

Porcelain insulation is impervious to moisture and grants successful operation over many years. We offer wide range of non-condenser porcelain bushings for low voltage and medium voltage applications, including connecting flags for the insulators.

We offer the Porcelain Bushing rated voltage of 1Kv to 52kv and a current of 250 A to 3150 A. These porcelain Bushing are manufactured according as per IS,EN,DIN & IEC standards.

Why buy the Porcelain Bushing

- * Proven technology
- * Large installed base

Application

Oil-filled power transformers & Suitable for new installations and retrofits.

Technical data at a glance

Maximum rated Voltage- 1Kv -52kv

Maximum Rated Current-250 A to 3150A

Compatible with IS,EN,DIN and IEC standards
